Objective

Ambitious, self-taught, meticulous, front-end web developer, dedicated to writing clean, valid XHTML/CSS from scratch, seeking a full-time, in-house, front-end web developer position in Orlando, Florida.

Skills

- Highly experienced at slicing mocks into validated, cross-browser, semantic XHTML/CSS.
- Experience with setting up and manipulating MySQL databases.
- Experience with implementing JQuery for that extra pop!
- Proficient in all major operating systems and office applications
- Highly experienced with slicing for web and image editing in Photoshop.
- Experience using PHP and calling MySQL queries.

Employment

StudioAKT - <http://www.studioakt.com>

Front-end web developer, Full-time, In-house
November 2008 – August 2009

Responsible for coding websites using XHTML, PHP and CSS for various record labels, clothing companies and bands, setting up databases in MySQL, customizing and tweaking MySpace layout and online stores, and all-around general design work in Adobe Photoshop.
