Employment

Compass Knowledge Group – <http://compassknowledge.com/>

Full-time, In-house production designer
Nov 09 (contract-to-hire for first 5 months) -> Present

Work through the daily general task list, for all-around web site edits, add-ons, tweaks, fixes, whatever may be being done to one of the many sites or landing pages we built, and maintain. In addition, some general design work, like creating new banners, making edits to current designs and creating new designs from old designs.

A few projects I've worked on:

- University of Cincinnati (Online Master of Science in Nursing) - <http://nursingonline.uc.edu/>
- Portland State University (Criminology & Criminal Justice Degrees) - <http://online.ccj.pdx.edu/>

StudioAKT - <http://www.studioakt.com>

Full-time, In-house front-end web developer
Nov 08 -> Aug 09

Responsible for the code/front-end side of the websites process, using XHTML, PHP and CSS for various record labels, clothing companies and bands, setting up databases in MySQL, customizing and tweaking MySpace layouts and online stores, and all-around general design work in Adobe Photoshop CS3+.

Some of the many projects I was part of:
